

Nye adgangskrav til den kommende begivenhed/new entry requirements for the upcoming event

Kære du

Vi tager Covid19 seriøst så for vores allesammens bedste, så skal vi desværre til det igen...

På baggrund af de seneste dages stigende smittetryk i Danmark, såvel som i andre deltagerlande, har organisatorerne bag seminarieret i den kommende weekend valgt at stramme adgangskravene yderligere, så alle deltagere nu også skal kunne fremvise en negativ Covid19 test (enten Quick- eller PCR test) som **ikke er ældre end 24 timer** ved adgangen til Asta Bio.

Det betyder, at du direkte adspurgt skal kunne fremvise testresultatet i tillæg til den myndighedsgodkendte Covid19 vaccine dokumentation som vi tidligere, og i tillæg til andre henstillinger, har gjort opmærksom på.

Information om testcentrenes placering i udlandet skal findes gennem kontakt til de lokale sundhedsmyndigheder.

Information om danske testcentre kan findes via flg. link:

https://www.sst.dk/da/corona/hvis-du-har-symptomer_-er-syg-eller-smittet/hvornaar-anbefales-test/find-testcenter.

For deltagere der ankommer via Kbh.s lufthavn kan lufthavnens eget testcenter med fordel benyttes - følg blot skiltningen i ankomst terminalen.

Tak for din forståelse - vi glæder os til at se dig.

Dear you

We take Covid19 serious so for everybody's sake, we unfortunately have to do it again...

Based on the increasing numbers of Covid19 infected people the recent days, not only in DK but also abroad, the organizers of the upcoming event have decided to adjust the entry requirements.

*All participants need to have a negative Covid19 test result (either antigen test or PCR test) that is **not older than 24 hours, when entering** the Asta theatre.*

*This means that you must be **able** to **present** documentation of a negative Covid19 test result, upon request, on top the official and authorized Covid19 vaccine documents, in order to participate in the event.*

Please, do have the already distributed, general recommendations in mind.

Information about test centers abroad, please contact the local Health Authorities.

Information about Test centers in Denmark, please use the following link:

https://www.sst.dk/da/corona/hvis-du-har-symptomer_-er-syg-eller-smittet/hvornaar-anbefales-test/find-testcenter.

Participants arriving at Copenhagen Airport please use the test center at the airport - just follow the signs in the terminal after arrival.

Thank you for your understanding - we are looking forward to see you.

Another Two Days in Copenhagen - colleagues meeting on production design.
